Marriage & Family Therapy Clinic: Live Case Demonstration (2013)

The Live Case Demonstration provides a rare opportunity for participants to take part in the case formulation and live family interviews conducted by the Clinical Director and other experienced family therapy trainers. The cases cover a spectrum of developmental issues and are referred by professionals from different disciplines. Our approach is transdisciplinary-oriented. Our clinical work is backed up by a team of experts that encompasses a multi-disciplinary background including the field of psychiatry, psychology, social work, pediatrics, and family medicine.

Our Live Demonstration had initiated an interest in clinical observation and hands on practice in Hong Kong, as well as Mainland China and Taiwan. In collaboration with the Department of Family Medicine & Primary Healthcare (HKWC), this program is one of the highlights provided by the Academy of Family Therapy.
